Introduction

Nassag development is a private company that works in the electrical and mechanical field. It is registered under the Law of the year 1925.

Nassag is the exclusive agent of one of the Middle East largest companies in cooling systems, Zamil air conditioning company (cooline).

Zamil has made a strong presence in the Sudanese market since the beginning of the 1990s and became a source of confidence to engineers, consultants and contractors. This confidence aroused from the products environmental appropriateness for Sudan climate and its accordance to the Sudanese and global standards.

Corporate Ideology

Vision

Nassag is the partner-of-choice for enviromental control solutions that are based on lifetime affordability and endurance.

Mission

Our drive is to make air-conditioning affordable, reliable and energy-efficient and to provide customized solutions and ongoing services to ensure the peace of mind of our customers.

Core Values

Over the time, a set of Core Values - an increasingly valuable company asset that defines the framework of our conduct - has evolved at Nassag. these main values are the foundation of our success and serve as our compass in moving the company toward the future.

Our Core Values

● Honesty & Integrity

We believe goodwill and good reputation are core to our business. We uphold honesty, integrity, professionalism and a high level of business ethics. We observe prudence and fairness in dealing with our stakeholders.

● Customer & Excellence

We are diligent about understanding and fulfilling our customers' needs. We strive to please our customers with excellence in quality and services. We listen to our customers and "go the extra mile" to satisfy them.

● Innovation & Change

We are passionate about meaningful innovation. We are a learning company, we learn from our experiences and global best practices, and we innovate to create leading local solutions leveraging on world class knowledge. We embrace positive change brought forth by innovation and aspiration to grow our business.

● Leadership & Prudence

We cultivate talent and leadership to create sound business solutions to best meet our customers' needs and to develop markets, people and stakeholders value.
We build prudence and cost-effectiveness in our leadership culture passing on benefits to our customers.

● Community & Prosperity

We believe in mutual prosperity. We aspire to thrive in business while bringing progress and prosperity to our own people and communities. Our culture, our ideas, our practices, and our team work lead us to creating superior values for people and communities around us.

Our Engineering Department:

Our engineering department is composed of a group of highly qualified individuals with professional training to provide our clients with customized solutions and deliver the level of services that satisfy our clients' needs and requests.

Core Operations:

- Procurement
- Supply & Installation
- Maintenance
- Spare Parts
- Technology Upgrade

Procurement:

Each customer requires different services with unique requirements; for these requirements to be handled in a timely and orderly manner the acquisition of goods and other services is conducted by our procurement team.

In our time-tested relationship with clients, we have built a reputation of providing anything to anyone as requested and on time.

Supply & Installation:

Not only we deliver the product of your preference to you but also, we carry all the installation process and leave you with a fully functioning system.

Maintenance

Whether it's preventive or corrective, whether it's one-time deal or periodic, Nassag Development is your best choice when it comes to maintenance.

Nassag Development is one of the leading air-cooling companies when it comes to after sale services. We offer a wide range of maintenance services for all types & brands of air-cooling systems.

We build a long lasting relationship with our clients, as delivering and installing the product that best suits your need is not the end service NASSAG provides, we continue further by providing the maintenance and spare parts requirements in a way that extends the longevity of your products and ensure its functionality and sustainability over time.

Spare Parts:

Our dedicated engineers provide high-quality air-conditioning replacement parts made by the industry's top manufacturers. Whether you are looking for hard to find AC parts or a discount on those parts we are here to serve.

Our Selected Brands:

Technology Upgrade:

One of the unique services offered exclusively by Nassag Engineering Department is technology-upgrade. We provide IoT (Internet of Things) solutions for both residential and industrial sectors alongside the agricultural sector. Our solutions provide remote monitoring and control of various devices using sensors and can be applied to almost every application. we offer our clients a great convenience in terms of cost and time by giving them a solution to upgrade their readily existing devices to the next level rather than replace it all together.

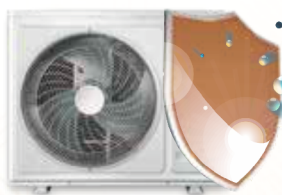

Unitary & Applied Products (U&ABU)

TRZ18/24

Anti Rust Casing

Lower Energy Consumption

Rotary Compressor

Powerful Rotary compressor is used to deliver more capacity with less power consumption for better efficiencies.

High Efficiency Heat Exchanger - IGT + Fins

High efficiency heat exchangers are designed by use of inner grooved tubes bonded by enhanced fins.

Unitary & Applied Products (U&ABU)

Ducted Split Units (DX): DYA Series - DYA-KYA 18-60

Single Skin Air Handling Units (DX):

BY Series - BY 03-25

**Free Standing Units (DX):
FMX Series - FMX 036-090**

Air Cooled Condensing Units

**(Top Discharge): CX
Series - CX 030-360**

Air Cooled Condensing Units (Top Discharge):

CRX Series - CRX 030-360

Concealed Chilled Water Fan Coil Units:

DWX Series - DWX 02-20

Concealed Chilled Water Fan Coil Units:

CWX Series - CWX 02-14

Concealed Chilled Water Fan Coil Units:

CWX Series - CWX 02-14

Air Handling Units, Chilled Water Type:
BWY Series - BWY 03-25a

Air Cooled Condensing Units (Top Discharge):
CRX Series - CRX 030-360
